

CREATING CLARITY

GET CLARITY - GET COMMITTED - GET GOING!

THE WORKSHOP FOR REAFFIRMING WHAT'S MOST IMPORTANT TO YOU & ENRICHING YOUR LIFE

In times when your decisions about work, relationships, money, your future, security and life balance are so critical it pays to know what's truly most important to you, and behave accordingly !

The Creating Clarity Workshop™ is your opportunity to reconfirm, for yourself, what is most meaningful and motivating for you. Your Personal Values.

The workshop gives you the knowledge and tools to look at your life and evaluate how living your values can add more meaning and motivation to everything you do and every role you play.

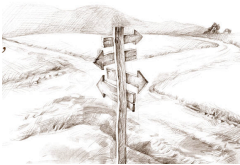

The Creating Clarity Workshop™ introduces you to the three steps to creating personal clarity and enriching your life

STEP 1. GET CLEAR

In this part of the workshop you have the opportunity to see the values currently most important to you. To do this we'll ask you to complete a comprehensive and confidential values inventory prior to the workshop which you'll receive during step 1

The most important thing is to know what is the most important thing

STEP 2. DETERMINE THE CONTEXT

Through a series of simple and powerful exercises you can check for yourself how your values are or could play out in the different roles you play. Explore how your values are influencing your actions and behaviours and shaping your decision making and more!

The map is not the territory

STEP 3. STAY ON TRACK

Now you can decide the actions you'll take and commitments you'll make to keep you on track. Check out what might get in the way of you staying on track and what you'll do to eliminate or manage what you find.

The true course is shown by your values

Yes please. I'd like to enroll for the Creating Clarity Workshop
